

Name: Advance Body Piercing Workshop

Workshop Award: On successful completion, you will be eligible to receive;

Statement of Attendance Advance Body Piercing Course

Workshop Description:

Our Advanced Piercing course is the next level after basic training that takes your skills that one step further as a professional body piercer.

This course checks systems, techniques and procedures and gives recognition to the Experienced Body Piercer who has verified training and experience.

This is a practical course aiming to extend and refine Complex and Advanced Techniques and Processes to allow for practice at a higher level.

One days training with pre-course assignments completed in your own time at home before scheduled contact day. This ensures you have the best possible chance to succeed. There is also post course work assessments.

Theory - includes Sterilisation, using Bio-Plastics, Pain & Blood Reduction, Business & Promotional Concepts and updates from the Health Department and Industry.

Practical - includes Micro Dermal Implants, industrial, surface and septum piercing and a review of piercing technique for all sites.

Entry requirement: Nil. Eze Training recommends participants hold a current First Aid Certificate

Pre-requisites: Basic Training in Piercing (evidence will need to be provided)

Delivery mode: face to face plus online assignments

Duration: One day plus an online component

Commitment level required:

- Independent study
- Work placement or simulated workplace activities
- Research and projects
- Preparation of assessment tasks

Length of time to complete: Most students take anywhere between 1 day and 1 month. The time it takes varies with your level of education, skill level, and your ability to put time aside to study.

Career and Study Pathways: Master Piercer Course

The expiry date of Course: This course is live for 1 month. A one off additional months' extension can be granted. Any further months required will incur an Administration Fee for the extension of \$100

If your expiry date is reached and you have not completed the coursework, or an extension has not been granted, you will have to re-enrol at the full price to complete the course.

Fees: The total cost of the course is \$600 (including Micro Dermal Implants) or \$450 (not including the Micro Dermal Implants and a deposit of \$150 is required upon enrolment, with the remaining balance due on the first day of training

How to enrol: You can either enrol online “Pay and Start” <http://www.ezetraining.com.au/>

And clicking the ENROL Tab

Please make sure you read the terms of payment before paying.

Or call 1300 552 044 or email to make an enquiry

Need help deciding? We advise all our students to have a conversation with one of our Course Advisors on 1300 552 044 or email to make an enquiry to ezetrainingaustralia@gmail.com

Other relevant information: The onerous is on the student to research the course thoroughly and ask questions before enrolment and paying the deposit. Our face to face training has a minimum group size of 4 students. Unfortunately, to keep costs at a minimum, we cannot conduct classes with numbers below the minimum. In extreme cases, this may result in rescheduling classes.

You will need to have access to a computer that has an inbuilt web camera or software for an external web camera and microphone to complete online assessment tasks. Google Chrome is required when completing your online assessments

Training Locations: Most capital cities
