Valued added exclusively to Eze Training- Professional Review Day

Twice a year Eze Training offers graduates from the Cosmetic Tattooing Course the opportunity to meet with other graduates and trainers to discuss what aspects of Cosmetic Tattooing that they find challenging, what they require clarification on; how others are adapting what they have learnt and basically have the chance to refresh themselves on what they have learnt. This is only offered to graduates and is a closed group. Graduates are also supported by a “Community of Learning” on a dedicated Facebook page where they can ask questions and get clarification on different procedures. This is a value-added aspect of the course that no other training offers.

At Eze Training we believe good training is about experiential learning and the opportunity to reflect on your practice.

Commitment level required: This unit is from the **Diploma of Beauty Therapy**.

Students studying at this level work relatively autonomously and are accountable for personal outputs. Their work involves the self-directed application of knowledge and skills with substantial depth in some areas where judgement is required in planning and selecting appropriate equipment, services and techniques. Work is typically conducted in beauty salons and spas

The length of time to complete: Most students take anywhere between 1 and 3 months to complete. The time it takes varies with your level of education, skill level, and your ability to put time aside to study.

Career and Study Pathways: This unit is an elective in SHB50115 - Diploma of Beauty Therapy

Whether you make cosmetic tattooing your sole career or combine it with your current profession, this course will provide you with the skills and confidence to meet your customer's needs and expectations

A career in beauty offers incredible flexibility regarding location—you can work virtually anywhere, in salons, day spas, or hotels as long as you have the right equipment.

If you have an interest in make-up, personal grooming and beauty and enjoy interacting with people, then this could be the career for you.
